We are SOKO Gorica DOO Skopje, a family company established in 1994, based in Republic of North Macedonia. We are specialized in production of fruit and refreshing drinks packed in stand-up pouches (well known as Doy-packs). We don't compromise with quality: our production process is based on high-capacity automatic equipment and is certified with **ISO 22000** and **ISO 14001** quality management system.

We share our love with the world! Over 97% of our annual production travels to **more than 70 foreign countries**. Team of 150 employees work with passion, all of us devoted in annual production and sales of over 60 million of drinks.

We like to do things with passion and love in creating that recognizable irresistible taste, in a practical packaging with fun design with consistent quality in a highly controlled environment. We believe in constant growth! We at Soko, strive to continuous improvement, always focusing on highest ethical standards, aiming to exceed our valuable customers' needs.

We are on a mission, to put smiles on the faces of millions of happy children and everyone who feels young all over the world, as they enjoy their favorite drink.
